

Performance of the Scheduled Commercial Banks in India

*Gorkhnath Tanaji Uttekar

Abstract

Financial sector plays a important role in the economic development. It is generally agreed that a strong and healthy banking system is a prerequisite for sustainable economic growth. Banks in India have been undergoing major challenges in the dynamic environment. This study attempts to measure the relative performance of Indian banks. The current study is mainly concerned with the analysis of comparative profiles of Public Banks, Private Banks and Foreign Banks in India during the period of 2006-13 that reflects the impact of new competitive environment on the bank's performance in terms of various selected parameters. The Data was collected through secondary sources from Trend and Progress Report of RBI and the tool used for data analysis of the profile of bank group wise is Compound Annual Growth Rate (CAGR) which is expressed in percentages.

Key words: Scheduled Commercial Banks, Performance, India
